James Jackson robbed me in 2017 & \$600

Curtis Jackson has people brainwashed.

Explanation of Reason(s)

Mr Jackson has no reason bothering me like I belong to him. I am not his girlfriend. For him to ride around in my phone like this. He is mentally challenged. I want him arrested and put in prison for the rest of my life. First he makes a Janice Turner page to be friend me. Then he put 5 Janice's names on my phone wishing me death. Then they come back and Rob me of \$600.00. To now stealing me in my cellphone I want my money damages for years of your crazy and I'm telling the truth. He is not all there to go back to get back in my phone.

Notice of Data Event

Dear Janis L Dunbar:

Welltok, Inc. writes on behalf of Yale New Haven Health to inform you of an event that may have impacted some of your personal information. Welltok operates an online contact-management platform that enables healthcare clients to provide patients and members with important notices and communications for Yale New Haven Health and received your information in connection with these services. Although we have no indication of actual fraud or misuse of your information, we are providing you with details about the incident, our response to it, and resources available to help you further protect your information, should you feel it appropriate to do so.

What Happened. On July 26, 2023, we were alerted to an earlier alleged compromise of our MOVEit Transfer server in connection with software vulnerabilities made public by the developer of the MOVEit Transfer tool. We had previously installed all published patches and security upgrades immediately upon such patches being made available by Progress Software, the maker of the MOVEit Transfer tool. We also conducted an examination of our systems and networks using all information available to determine the potential impact of the published vulnerabilities presence on the MOVEit Transfer server and the security of data housed on the server. We confirmed that there was no indication of any compromise at that time.

Upon being alerted to the alleged issue, we moved quickly to launch an additional investigation with the assistance of third-party cybersecurity specialists and using additional information that had been discovered in the intervening period, to determine the potential for a hidden presence of vulnerabilities on the MOVEit Transfer server and the security of data housed on the server. After a full reconstruction of our systems and historical data, our investigation determined on August 11, 2023, that an unknown actor exploited software vulnerabilities, accessed the MOVEit Transfer server on May 30, 2023, and exfiltrated certain data from the MOVEit Transfer server during that time. We subsequently undertook an exhaustive and detailed reconstruction and review of the data stored on the server at the time of this incident to understand the contents of that data and to whom that data relates. On October 25, 2023, Yale New Haven Health learned the scope of the data present on the impacted server at the time of the event. Since then, we have been coordinating efforts with Yale New Haven Health to review and verify the affected information and provide direct notice to impacted individuals.

What Information Was Involved. The information contained in the affected files included your name and MRN patient ID, date of birth, health insurance information, provider name, treatment cost information, and treatment information or diagnosis. Your Social Security Number and financial information were not affected as a result of this incident.

We are writing to inform you of a data security incident that involved some of that information. This letter explains what happened, measures we have taken in response, and offers steps you may consider taking.

What Happened? On March 8, 2025, we identified unusual activity affecting our Information Technology (IT) systems. We immediately took steps to contain the incident and began an investigation, which included assistance from external cybersecurity experts. We also reported the incident to law enforcement. The investigation determined that an unauthorized third-party gained access to our network and, on March 8, 2025, obtained copies of certain data.

What Information Was Involved? The information contained in the data may include your demographic information (such as name, date of birth, address, telephone number, email address, race or ethnicity), Social Security number, and/or medical record number.

YNHHS's electronic medical record and treatment information were **not** involved or accessed, and **no** financial account or payment information was involved in this incident.

What We Are Doing & What You Can Do. YNHHS considers the health, safety, and privacy of patients our top priority. We are continuously updating and enhancing our systems to protect the data we maintain and to help prevent events such as this from occurring in the future.

While, to date, we are not aware of any patient information being used for identity theft or fraud, as a precaution, we are offering you a complimentary 24-month membership in Experian® IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorksSM is completely free to you, and we understand that enrolling in this program will not impact your credit score. **For more information on identity theft prevention and IdentityWorksSM, including instructions on how to activate your complimentary membership and information about identity protection, please see the pages that follow this letter.**

To Whom This May Concern,

I purchased my phone on March 3, 2025. Mr Jackson hacked my hsp Yale New Haven again on March 8 per the two prior motions. On April 23 my phone changed. On May 3, 2025 I got a letter that my information has been compromised again. Remember I told you he came on my page and laughed kicked out my phone.

My book signing was in Yale Park & Noble they put my seats in front of Java. Curtis James Jackson has been using a hacker for me since 2014. My brother is in my book an IT technician. Somebody in your computer like the CIA.

Lying on someone's character who can destroy you with the truth is diabolical.

No one plays the victim more than the person that caused the damage. Curtis James Jackson is mentally challenged he doesn't know right from wrong. He said I'm rich I can do what I want to. He also said if I lose all my money, I'll make it back.

Louisiana they got served by me
on April 17 he's going to run
again because the book is true.

It's not fair that you don't
believe me. He is Mentally Challenged.
don't know right from wrong from
lead paint 1978.

I feel like I am being attacked
for telling the truth because he's
been lying to people for so long.
There's a whole video online of
him saying something is wrong
with me the beginning of his
career. Curtis Jackson is a liar
he's lying about his life. He's just
like my sister. Predatory. No cure.
I am not going to lie on myself
for nobody.

Apparently the court system
doesn't believe in a higher power
like Jehovah God or the devil. That
girl is very dark. How would I
know that some random girl has
twisted jokes and a tilted uterus.
She told me on my house phone.
I didn't lie about nothing. So Court
is stalking and harassing me. I
care who they are now. They are
making pages like maniacs. Tyler
Perry. I didn't know it was a
prophecy. I didn't know you went
through all of that 4 years to late.

It is unfair for the court to stick up for Curtis Jackson because he won't participate in this lawsuit when he did everything. I am saying, If the shoe was on the other foot you would have me on the news for stalking. These people are bothering me because you don't believe it. 50 Cent is sick. I want either his childhood medical records or a tube of blood.

You acting like this isn't true when it is that's why there's a book. If 50 Cent couldn't stop my book why are three judges trying to stop my lawsuit. I'm not making pages to myself. Now that this is happening has finally stopped. I have been going through this for 7 years. My ex husband has to go to court so he stole \$36,000 the same prophecy and said yeah he did it.

Amiez Haines was on my house phone for 2 months every night 3 of those days she chartered die. You're not supposed to throw out my case because they didn't respond you're giving him the easy way out. I wrote that book for a reason. Every word is true. I am also suing him in Sheepshead

I was A student all the way
through school. I am not mentally
challenged or crazy he is.

Jeffrey Hirsch should have answered
he can't either because it's true.
I am not going to call myself a
liar for the truth.

Sincerely

Janis Dunbar

P.S

They all know who I am
50 Cent had me in his phone
for years. Shout out to Janice
Turner my number 1 fan.

50 Cent is a grown man he should
be able to stand up for himself
just like he dialed my house phone
number. 50 Cent is alive and well he
could had answered this text but
he didn't because it's true.

A tv went to 548 Erie St Camden N.J

Janice Haines mother house.

A 4 story Book and nobody
is reading it. 50 Cent be in NY
at Basketball games he could had
easily walked in that courthouse.

His grand father told him his
life going to catch up with him. They
know who I am. I am not a liar.
I dont like to lie its not my character
I have been telling the truth from
the beginning. The police surrounded
me whose the hacker. He hacked the
Starc app on my phone before. The
FBI need to grab Curtis Jackson.
He doing to much to be in my life.

Sincerely

Janis Dunbar

P.S I wish the Judges would had
opened that book Curtis James Jackson
belongs in prison. My business teacher
you see JAVA call the police. I
did and I notified Jeffrey Hirsch
nobody did nothing protecting 50 Cent
while Curtis Jackson committing
crime.
